Pressure wheel

Large rollers give even pressure

Reverse Feature

Speed Control

Temperature Control

1 Year Warranty

Design

The new Easymount™ combines style with functionality. The design has been enhanced and more features have been added. This professional range sets new standards of excellence.

Performance

The three models in the range include 1200, 1400 and 1600mm widths, all of which are capable of producing up to 3 metres per minute - 50% faster than before!

Enhancements

The range now features additional mandrel holders for storing spare rolls of film, a swing out feed tray for hassle free loading and a pressure gauge on the rollers to give perfect results every time.
